IT CERTAINLY FOOLED US

The cover picture of November 17, which we along with many other people thought was an old picture of the town beach turns out to be at the foot of Ship Street. We were sure that we recognized the Ira Hiller house in the left background. However, thanks to Mr. Rodney Perkins and Gerald Smith, who know the section much better than we do, we change the location. We are sure that the things that we said about our new bathing beach are true. We have a fine beach now no matter how it looked in the 1800s.

THIS WEEK ON OUR COVER

The old Stackpole house as it appeared before the series of Hurricanes started their destructive alterations. This winter scene is from a very old glass plate and we thank Mr. Gerald Smith for this picture too. All of our readers enjoy seeing these early shots of our town and we are very grateful to the people who take the time to hunt them up for us.

APPEARED IN CAST OF SOUTH PACIFIC

Appearing in the cast of "South Pacific" with the Cape Cod Melody Tent last summer in the part of Henry was a 10 year old youth, Nicky Groves. He was a member of a son and dance duet with Barbara Carpeza who played the role of Ngana. Of special interest to us in this area is the fact that Nicky, the son of Mr. and Mrs. Thomas Groves, is also the grandson of Mr. and Mrs. Harry Wenstrom of Water Street, Mattapoisett, his Mom being the only daughter of the Wenstroms.

FROM THE LOG OF THE WHALESHIP CHARLESTON
BY DANIEL A. BALDWIN

Friday, July 26th - We continue to fly south at the rate of ten miles per hour and we are approaching the Torrid Zone rapidly. I think we shall pass the tropic of Cancer this day.

The zone that ne'r losed the suns genial ray
Where equals the length of the night and the day
Where the poisonous winds o'er the Deserts do roam
And the soft gentle zephyrs a murmuring come.

There's wild Beasts a prowling to seek for their prey
And the dwelling of man more ferocious than they
There's odors that come from the cinnamon groves
And dark flashing eyes that are beaming with Love.

There is serpents that waryly lie in your way
As you go to the shade from the suns burning ray
And bowers like the primeval Eden are there
And the paradise Birds with their plumage most rare.
